

**Consent form to use images or photographs of a child aged up to 18 years.**

Dear Parent or Guardian

From time to time, local or regional press or television may approach your school to take pictures of children if, for example, there has been a particular event at the school that they wish to cover or perhaps if the school has had a good Ofsted report. Or, the county council as the local education authority or the school itself may wish to produce a video, literature or create a website which may include images of your child or a group of children.

Gloucestershire County Council takes the issue of child safety extremely seriously and that includes the use of images of children.

It may be that, for personal or other reasons, you do not want an image or photograph of your child to be taken for publicity purposes and so it is extremely important that your school has a signed form to make your wishes clear.

Please complete and sign the form and return it to your child's school.

- 
- Please note that this does not apply to the school photograph that is taken of your child/class for your own use.
  - Also, the county council and the school has no control over any images or photographs that are taken of the children at school by other parents/guardians for their own private use.
- 

Gloucestershire County Council Media Team
