ONE day I was very sad because I was going pgl. I was sad and happy but I had so much fun. My favorite activities were canoeing because I got to sit in the instructor's boat and zipwies. I don't like heights but now I do. The food was delightful. Wednesday was the day we came back. I was very happy to see my family again. I hope I can come back again.

My favourite part of PGL was abseiling because I conquered my fear and really enjoyed it.

I enjoyed the Abseiling the most

I enjoyed buggy building and crate challenge because it was really fun.  
I would recommend it to the year below because it's something new  
to try and really fun. I overcame my fears of heights on zip wire.  
The food was really nice. The pgl teachers were really nice and  
sunny. The rooms were really nice. It was really fun staying in a  
room with my friends. My favourite thing that happened was zip  
wire. It was a little bit weird staying away from home.

At PGL my favourite activity was the zip wire.  
 I liked every thing at PGL.  
 The camp fire at PGL was really funny because of the songs we sang.  
 I liked sleeping in a room with my friends.  
 I did not want to go at first but I'm glad I did because I had lots of fun.  
 I ate lots of food I also eat lots of food at home. I liked the chicken rap at PGL.  
 I liked canoeing I got Mrs Hyde.  
 I also overcame my fear of heights.

LEON

This is a story about my PGL trip.

We went on a coach for our PGL trip but my bags were really heavy. In my room there was bunk beds, walls and a window was on the top and I was on the bottom. I had bacon and toast for my breakfast. On the trip we did zip-wire, abseiling/challenge course, canoeing, we had a campfire and sang songs. I enjoyed all the food that we had. I sort of to have a wash though I went in the shower. I really enjoyed the dinner, the sensory trail, canoeing, challenge course. I couldn't do the monkey bars. I didn't enjoy the abseiling and zip-wire because it was too high.

# PGL Trip March 2020

Dear Diary,

Day 1

On Monday when we got there we dumped our stuff off in the house lobby and then had lunch in the garden. After that John our leader gave us a tour of the place and showed us where we would eat. After that we did abseiling as our first activity and I was really nervous when I was up there but I overcame my fears and did it. After that as our second activity we did buggy building. I didn't like it that much but it was alright and that took up the whole afternoon. In the evening we had dinner and I had chicken, chips and veges. And then an evening activity was Mad Max races and I really enjoyed it and then it was bed time.

Day 2

Dear Diary,

When I woke up at 6:00am we got dressed and went downstairs and lined up outside ready to go to breakfast. For breakfast I had shreddies and bread and butter, it was delicious.

After that our first activity was Zip Wire, I was a bit nervous but I did it and it was really fun. As our second activity we did Challenge course and that was scary. After that we had lunch. I had a plate of beans and chips and bread and butter, it was amazing. Our third activity was Canoeing it was really, really good. After that we went back to the house and got ready for dinner. I just had a plate of veges and of course bread and butter. Our evening activity was campfire. We played games and sang songs, it was brilliant. After that we went back to the house and went to bed.

Day 3

Dear Diary,

In the morning we went to breakfast, I had the same as yesterday. Our first activity we did crate stacking I didn't like it that much. Our second activity was the sensory trail. It was really scary apart from where Mr Rickaby threw mud in my face. For lunch I had chicken and veges and bread and butter. Then we left on the coach.  
I Miss PGL

My favorite activity is buggy building and it is buggy building because I got to ride it.

My favorite food was a wrap with cheese in it and nachos and I had it on the last day.

I went with my class and I slept in a house and my room number was 15.

There were night time activities and I liked wacky faces and I liked it because we got to make a quick film.

I did some activities there here are some activities abseiling, buggy building, Zip wire, Challenge course, canoeing, crate stacking, sensory trail.

In my room me and my friends took turns of reading my book Billionaire boys.

at Zipwire and abseiling it was really high but I had a go at them both and it was really fun.

For abseiling you had to go to the top of the tower then climb down the tower.

Algil Knight

My favourite activity on the trip was zip-lining. I was scared at first but then once I started, I really enjoyed it!

I thought all of the food was yummy.

I shared a room with Farnier and Liam. I would tell others to go because food was tasty, the rooms look nice and you never been there before.

I loved spending time with my friends and teachers. I thank them for looking after us.

## CANOEING

During my time at PGL,  
Canoeing was my favorite activity.  
Because it was like an adventure.  
It was like an adventure because  
it was hard to steer the boat.  
My favorite part was where we had to  
get the docks.  
I was most frightened about  
capsizing.  
I learned that canoeing is a little  
dangerous but isn't fun!
